

Diabetes Care and Prevention Program

Karen I. Fryberg Tulalip Health Clinic

Mission Statement

To walk together with our people in a caring partnership that promotes the prevention and treatment of diabetes.

Vision Statement

Our integrated team will utilize community-specific best practice standards to combat diabetes together with our people to create a sustainable diabetes-free community.

This will be achieved through education, screening, conventional treatment and outreach efforts that encourage a return to traditional ways while respecting individual needs and preferences.

Collaborative Relationships

We believe we are stronger when we work together. As a result, we have actively sought to build relationships with different tribal entities and our surrounding communities such as:

- Tulalip Clinical Pharmacy
- Natural Resources
- Puget Sound Kidney Center
- The Tulalip Boys & Girls Club and Children's Diabetes T.R.A.I.L.S. Program
- Tulalip Senior Center
- Medical Reserve Corp./Emergency Management
- NW Regional Council
- WSU-Snap Education
- Tulalip Youth Services Garden
- Tulalip Homework Support Garden
- Behavior Health Children's Garden
- Tulalip Early Learning Academy Garden
